

The reform of the Québec cadastre

We have plans
for you!

Why is it important to attend the meeting with the land surveying firm?

You must attend the meeting in order to examine and make comments on the new cadastral plan showing your property before it becomes official.

Help make sure your property is correctly shown on the plan.

If your property is not shown correctly on the cadastral plan, you could experience delays or other inconvenience during construction work or renovation or when you sell your property.

How to prepare for the meeting with the land surveying firm

The place and time of the meeting, and a list of the documents you should bring with you, are indicated in the enclosed letter. The representatives of the land surveying firm will be at the meeting to present the results of their work.

At the meeting, you will have an opportunity to give your opinion on how your property is shown on the new cadastral plan.
